

Is it time for a “Sea Change?”

There is no better place to enjoy the coastal lifestyle than in the Batemans Bay Area. It is located just 1 ½ hours south of Nowra and situated on the Clyde **River** Estuary. It is arguably one of the most beautiful towns on the South Coast of New South Wales.

Nuclear Medicine Technologist.

Batemans Bay Regional Nuclear Imaging,

Batemans Bay, NSW.

Applications are invited for the full time position of,

“**Nuclear Medicine Technologist**” at our private practice situated in Batemans Bay commencing February 2009.

The Batemans Bay practice is one of a group of four practices.

The successful applicant will join a group of dedicated and experienced accredited (ANZSNM) technologists. Applicants should be accredited with the ANZSNM as supervision of PDY technologist or students may be required. We are seeking an enthusiastic person who is a team player, willing to learn and would enjoy working in a relaxed private practice environment. Experience with Bone Mineral Densitometry would also be viewed favourably.

The Batemans Bay practice has an ADAC Vertex Gamma Camera attached to a Pegasys workstation as well as a Bone Mineral Densitometer. Both are housed in a modern spacious building located across the road from Bateman’s Bay Hospital.

An attractive salary package will be negotiated with the successful applicant

Inquiries to: - Mr. Gary Minch, ph. 02 42261755 (W’Gong) or 0418 763528 (Mob.)
